

The Wi-Fi® enabled SPH-EVO64DAB features a modular design combining a 6.8" touchscreen display with a hideaway control unit that installers can tuck into separate compartments of the automobile, providing vehicles with limited dash space a premium upgrade solution for drivers' entertainment needs. The new receiver features smartphone connectivity - Android Auto™ and Apple CarPlay™ (via wired or wireless connection), voice commands (Alexa built-in), as well as entertainment features such as Spotify®, Bluetooth® streaming, Wireless Mirroring for Android, Hybrid Radio, FLAC file playback and more.

MAIN FEATURES

- 6.8" Capacitive multi-touchscreen with Smart User Interface: customise your homescreen like a smartphone
- Built-in Wi-Fi for Apple CarPlay via wireless connection / Wireless Mirroring for Android
- Bluetooth and DAB / DAB+ Digital Radio built-in (Optional DAB Antenna required)
- Bluetooth: Two phone connection, handsfree calling, automatic phonebook transfer, audio streaming (A2DP) Ext' mic' included
- Advanced audio features: 13-band GEQ, Auto EQ and Auto Time Alignment (Optional Mic required)
- Optimised PCB layout and audiophile-grade components selected for premium audio quality
- Voice commands via Alexa built-in
- The Pioneer Car AVAssist app on the user's smartphone supports easy operation / customisation of web browsing and home screen
- Hybrid Radio including metadata, recommended radio stations & network following (DAB+ / FM / IP Radio)

FLEXIBLE MOUNTING

The new design of the SPH-EVO range allows the display to be installed separately from the main unit, expanding your options for installation! Accessories for 2 DIN installation are included.⁽¹⁾

⁽¹⁾ 30 cm cable included / Optional 1,5 m cable available separately.
